March may prove to be the worst month of the winter season and yet be a very decent sort of March for this climate.

Tuesday was rather a stormy day, but Messrs Will Corbett, of Pinekey, and Cecil Bird, of Back Creek were two who braved the elements and came to town.

Mr W E Wilson, a former townsman, has purchased Mr O A Bird's property in Doe Hill and will move into it in a few weeks. Mr Bird and family will go to Bartow, W. Va. to live.

Rev DeWitt A Beery is one of our busiest men just now. He is closing up finances and getting ready his reports for the conference year. The conference convenes March 28th at Cumberland, Md. Mr Beery reports good progress in the work referred to. A good report is a matter of pride to people no less than pastor.

A private letter received by a gentleman of this place from Dr. O. O. Cooper, of the Hinton hospital, expresses the hope and belief that Mrs M E Matheny will recover from the operation recently performed at that institution, and intimates that even he was very doubtful of affording relief, so serious was her condition when brought there.

There will be preaching at Pisgah Church on Friday and Saturday, March 16th and 17th, at 11 A. M. After the sermon on Saturday, a congregational meeting will be held. The session will also be convened. On Sunday morning in connection with the service at 11 A. M. the Sacrament of the Lord's Supper will be administered. All are cordially invited.

My new blacksmith shop on Spruce Street is now open and ready for work. I would appreciate a share of the patronage of the county. Good work at reasonable prices.

Last Saturday evening it was our pleasure to visit one of the improved evaporators of the Blue Grass Valley, that of Mr James H Hevener's. Mr Hevener is well equipped for the business, he has a new building and a new evaporator with a capacity of twenty-five gallons daily and everything conveniently arranged. He informed us, from something less than two hundred trees, he gathered in six days, eighty-two barrels of water and made upwards of a thousand pounds of sugar. After being showed into the mysteries of sugar and molasses making, Mr Hevener passed around a lot of bright "clinkers"—it is useless to say we enjoyed them.

The long and eventful life of Susan B Anthony closed at 12:40 o'clock March 13, at Rochester, N. Y. The end came peacefully. Miss Anthony had been unconscious practically for 24 hours, and her death had been momentarily expected since Sunday night. Only her wonderful constitution kept her alive. She was 83 years old, and next to Francis Willard, the best known advocate of women's rights in the United States.

Mr Cornelius Wimer and wife, of Crabbottom, spent Wednesday night in town.

Mr George Beverage, of Alleghany, was in the village on Monday.

This March weather may not suit us as a whole, but we are having an infinite variety, so that all manner of tastes may be satisfied.

Mr A C Howe, at his rooms at the Monterey, has been suffering with one of the afflictions visited upon the patient old Job, and there isn't a grain of comfort or satisfaction in reminding him of the contention that a boil is worth \$5.00.

Mr James Trimble, who has been sick, was able to come to town early in the week.

A terrible mine disaster occurred in the Courrieres district of the Pas de Calais, France, last Saturday. The death list numbers 1,100, and 6,000 fathers, mothers, wives and children are sorrowing. The crowds of distracted mourners had to be held in check by a military guard. There is no hope of rescue. One man succeeded in entering the mine but never returned, and a rescue party of 40 is supposed to have been cut off by the caving in of one of the galleries.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of every ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free F J CHENEY & Co., Toledo, O. Sold by druggist, 75c Take Hall's Family Pills for constipation.

Big Sale Of Timber.

On Friday last a big timber deal was closed out at the Hotel Monterey. Mr James E McCoy, of Fairmont, representing the buyers, came in on Thursday evening and was met here by the parties interested in the transfer. They are Messrs L H and O A Stephenson, Capt S A Gilmore, D G Ruckman, representing the estate lands of the late D V Ruckman, E M Arbogast, J W Bird, George Ryder and Sam'l Dever.

The timber lands sold are situated on the Alleghany mountain, immediately along the line of the two Virginias, with something like an equal acreage in each state.

The aggregate sale amounts to perhaps 12,000 acres, and the price paid was \$5.00 per acre.

This is the biggest sale yet made by timber owners of this county, and, as most of these lands are south of the present seat of operations in Pocahontas, new facilities will be required for the marketing of the timber. Whether this is to be accomplished by means of the ordinary lumber roads, or by the construction of a line east and west, is a matter of speculation, but none the less of great concern to the county.

In view of the fact that large boundaries of timber lands have changed hands in the eastern part of the county, we may reasonably look for developments along some line.

Sugar And Lasses.

Highland County wears the belt as the sugar-producing county of the state, and this year promises to break the record.

Two features contribute to this end, viz: the early opening of the season and the frequent recurrence of "spells." The alternate freezing and thawing and the indispensable south winds have been just to our liking, and should these favorable conditions continue until April, the only thing that will prevent a breaking of former records will be the failure of farmers to prosecute the work.

It would be interesting to know the aggregate out-put of Highland at the close of the season, and to be able to estimate the percentage of camps or trees that were operated to their full capacity.

At one camp alone we have heard of 1400 gallons of sap being gathered in a single day, and from one other we learn of an even 1,000 pounds of sugar to date, March 10, with a corresponding proportion of syrup.

Under such conditions as these Highland may reasonably expect her neighboring counties to refer to her as "You sweet little thing!"

Still At Large

Bartow Rimel, the convicted horse-thief who escaped from his guards at Franklin last week, has not yet been recaptured. A reward of \$50 has been offered for his arrest.

It is believe that Rimel was seen at Meadow Dale, this county, on Saturday about 2 o'clock, by two gentlemen who were passing the school house at that place. Alarmed by the appearance of smoke issuing from the chimney—there being no school at the time—one of them went to a side window and found a heavy-set, ugly man warming himself by a fire which he had kindled, and reading a small book. They notified Mr H H Slaven, one of the school trustees, who, while getting ready to go to the school-house, saw the fellow coming and watched him pass. He filled the description given of Rimel, Mr. Slaven noting the deformities of the face, though he had not then read of this peculiarity. The fellow went in the direction of the Frost Gap, and the theory that the man was the fugitive in question is strengthened by the fact that he has an uncle living on the mountain near Mountain Grove, and that his parents were there at the time.

Mr Slaven, fearing that the school house might be endangered by the fire made by the intruder, rode up and investigated. He found that some eggs had been cooked and eaten and the shells left on the floor.

Don't frown—look pleasant. If you are suffering from indigestion or sour stomach, take Kodol Dyspepsia Cure. Hon. Jake Moore, of Atlanta, Ga., says: "I suffered more than 20 years with indigestion. A friend recommended Kodol. It relieved me in one day and I now enjoy better health than for many years." Kodol digests what you eat, relieves sour stomach, gas on stomach, belching, etc. Sold by K H Trimble.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling how Swamp-Rooting all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
